Dear Mr. Guzman,

**RE: DDC POWER COOL ENGINE COOLANT SPECIFICATION 93K217 APPROVAL**

Results from bench tests, in accordance with DDC Power Cool Engine Coolant Specification 93K217, have been presented to TEI for review as requested by DDC. In view of the results, we would like to make the following comments.

The results reported on the registration request have been found to be within DDC Power Cool Engine Coolant Specification 93K217 limits and specification; hence coolants formulated as stated in your request can be labeled as DDC 93K217 Approved.

**Company Name: Bardahl de Mexico S.A. de C.V.**

**Product Name: BARDAHL ANTICONGELANTE HEAVY DUTY**

**Coolant Type: HYDRID**

The coolant shall be used per the ambient temperature and concentration guidelines in the engine specific Operation and Maintenance (O & M) manual, as well as in any DDC service documents.

Please notify TEI and DDC immediately if, for any reason, the formulation for this coolant changes. Changes to the coolant formulation, without written approval, may void this approval letter. In addition, as per the DDC specification, this product will be subject to future field sample analysis for compliance.

Sincerely,

Steve L. Gearhart

cc: J. Rucker / B. Calcut

**DISCLAIMER:** Product registration means the manufacturer or marketer has faithfully collected information pertinent to the requirements of the specification and with the full intention to conform to the specification. However, it is still the responsibility of the manufacturer or marketer to ensure satisfactory performance of its products in all aspects at all times. Approval for DDC Power Cool Engine Coolant 93K217 does not waive the liability of the manufacturer or the marketer. DDC does not warrant the performance of non-DDC products, registered or not
